## Stuffed and Starved: The Hidden Battle for the World Food System Raj Patel

“One of the most dazzling books I have read in a very long time. The product of a brilliant mind and a gift to a world hungering for justice.”—Naomi Klein, author of *No Logo* and *The Shock Doctrine*

Half the world is malnourished, the other half obese—both symptoms of the corporate food monopoly. To show how a few powerful distributors control the health of the entire world, Raj Patel conducts a global investigation, traveling from the “green deserts” of Brazil and protester-packed streets of South Korea to bankrupt Ugandan coffee farms and barren fields of India. What he uncovers is shocking—the real reasons for famine in Asia and Africa, an epidemic of farmer suicides, and the false choices and conveniences in supermarkets. Yet he also finds hope—in international resistance movements working to create a more democratic, sustainable, and joyful food system.

From seed to store to plate, *Stuffed and Starved* explains the steps to regain control of the global food economy, stop the exploitation of farmers and consumers, and rebalance global sustenance.

**RAJ PATEL**, policy analyst for **Food First**, a leading food think tank, is a visiting scholar at the UC Berkeley Center for African Studies. He has written for the Los Angeles Times and the Guardian, and though he has worked for the World Bank, WTO, and the UN, he’s also been tear-gassed on four continents protesting them.
