To register for and use Pearson's MyLab & Mastering products, you may also need a **Course ID**, which your instructor will provide.

## **Used books, rentals, and purchases made outside of Pearson**

If purchasing or renting from companies other than Pearson, the access codes for Pearson's MyLab & Mastering products may not be included, may be incorrect, or may be previously redeemed. Check with the seller before completing your purchase.

*For courses in introductory, preparatory, and basic chemistry.*

*This package includes MasteringChemistry™*

## **Engages First Time Chemistry Readers**

### **Chemistry for Beginners: Getting Acquainted with the Fundamentals**

**Basic Chemistry** introduces readers to the essential scientific and mathematical concepts of general chemistry. With accessible language and a moderate pace, the text is easy-to-follow for first-time chemistry learners, as well as those hoping to renew their studies of the subject.

In the **Fifth Edition**, Bill and Karen Timberlake carefully develop core ideas while relating them to the possibility of future careers. The book guides readers through basic chemistry problem solving with engaging visuals and a focus on developing math skills necessary to be successful in the course. End of chapter questions strategically promote reader integration of cumulative ideas, allowing them to develop a strong foundation for learning chemistry and encouraging them to continue their studies in the field. The main objective in writing this text is to make the study of chemistry an engaging and a positive experience for readers by relating the structure and behavior of matter to real life. This new edition introduces more problem-solving strategies more problem-solving guides, new Analyze the Problem with Connect features, new Try It First and Engage features, conceptual and challenge problems, and new sets of combined problems.

## **Personalize learning with MasteringChemistry**

MasteringChemistry from Pearson is the leading online homework, tutorial, and assessment system, designed to improve results by engaging readers before, during, and after class with powerful content. Instructors ensure readers arrive ready to learn by assigning educationally effective content before class, and encourage critical thinking and retention with in-class resources such as Learning Catalytics™. Learning Catalytics Readers can further master concepts after class through traditional and adaptive homework assignments that provide hints and answer-specific feedback. The Mastering gradebook records scores for all automatically graded assignments in one place, while diagnostic tools give instructors access to rich data to assess reader understanding and misconceptions.

Mastering brings learning full circle by continuously adapting to each student and making learning more

personal than ever-before, during, and after class.
