Danica Snow has always been the smart, practical, and appropriate sister. As a therapist, she prides herself on making reasonable, conservative choices, even if a bit boring, and as part of the Big Sister Program, she has little time for anything more in her life.

Blake Carter is a player. He never gets bored of conquering women, and with his sexy good looks and successful lifestyle, he has no trouble finding willing participants. When his friend and business partner dies in a tragic accident, he suddenly, desperately, wants to change his ways. The problem is, he doesn't know how to stop doing what he does best.

.
When Blake walks into Danica's office, the attraction between them is white hot, but Danica isn't the type to give into the heat and risk her career. Danica's desire sets her on a path of self-discovery, where she begins to question every decision she's ever made. Just this once, Danica wants to indulge in the pleasures of life she's been so willingly ignoring, but with her Little Sister in turmoil and her biological sister's promiscuousness weighing heavily on her heart, she isn't sure it's the right time to set her desires free.
