RAE VOLUME 4

Murray Rothbard had long dreamed of an Austrian academic journal. In 1986, his dream came true. The Mises Institute published it, and it changed everything. The Austrians could focus on internal development, highlight the contrast with the mainstream, and show their wares to the profession and the world at large.

Rothbard was an exacting editor, and results are spectacular and historic.

The individual issues have been nearly impossible to find, until now. Today you can own the entire set, learn from the pioneering articles that Murray and his co-editors saw as crucial, and see what gave the modern Austrian movement its scholarly momentum.
