Graham E. Fuller

[(A World without Islam)] [Author: Graham E. Fuller] published on (August, 2011) Graham E. Fuller
What if Islam never existed? To some, it's a comforting thought: no clash of civilizations, no holy wars, no terrorists. But what if that weren't the case at all? In *A WORLD WITHOUT ISLAM*, Graham E. Fuller guides us along an illuminating journey through history, geopolitics, and religion to investigate whether or not Islam is indeed the cause of some of today's most emotional and important international crises. Fuller takes us from the birth of Islam to the fall of Rome to the rise and collapse of the Ottoman Empire. He examines and analyzes the roots of terrorism, the conflict in Israel, and the role of Islam in supporting and energizing the anti-imperial struggle. Provocatively, he finds that contrary to the claims of many politicians, thinkers, theologians, and soldiers, a world without Islam might not look vastly different from what we know today. Filled with fascinating details and counterintuitive conclusions, *A WORLD WITHOUT ISLAM* is certain to inspire debate and reshape the way we think about Islam's relationship with the West.
