**He's been living in a world of darkness ever since leaving the military, but now, ex-SEAL and shifter, Liam Dunne is about to find a woman worth fighting for...**

Ella Arden is a young, curvy, sassy witch on the run. Ever since her powers manifested in her childhood, she's been worried she'll hurt someone she loves. She's not a normal witch; her spells come with deadly consequences, and any time she uses magic, something bad comes along with it. Like the time she healed a stray cat... and summoned a fiery inferno that nearly burned her house down. Or the time evil spirits followed her home from the graveyard.

Once she was old enough, she ran away from home and never looked back, no matter how much it hurt. She didn't want to leave her family, but she didn't want to bury them, either.

Liam Dunne is an ex-SEAL, shifter, and bounty hunter with a truckload of skeletons in his closet. After the military, he spent a years drifting and drinking, until he fell in with some truly dark company. He's sent out on a mission to find a witch who holds the key to unlocking some incredible power. But now that he's found her, he's faced with a question: does he follow his orders, or does he follow his heart?

Witch Hunter is an 18+ story filled with pulse-pounding action, shifters, witches, and more hot passion than you can shake a wand at.

This book will be available for the first week at 99 Cents, after that it goes up to 2.99 so get it while it's hot!
