Corrosion Science and Natural Products Chemistry: Natural Products as Green Corrosion Inhibitors for Metals in Corrosive Media Bothi Raja

Mild steel (MS) is the material of choice to fabricate various reaction vessels, pipes, tanks etc., in most of the chemical industries due to its easy availability and low cost. Hydrochloric acid and Sulphuric acid are generally used for the removal of undesirable scale and rust in several industrial processes. MS suffers severe corrosion in aggressive media. Many heterocyclic compounds have been proved to be effective inhibitors for the corrosion of metals and alloys in acid media. There has been a growing trend in the recent years to go in for eco-friendly, non-toxic green inhibitors in place of synthetic substances which suffer from many drawbacks. This book discusses the anticorrosion effect of the following alkaloidal plants viz., Datura metel, Datura stramonium, Solanum nigrum, Solanum tuberosum, Piper nigrum, Rauvolfia serpentina and Strychnos nux-vomica and their corresponding alkaloid constituents viz., Atropine, Solasodine, Piperine, Reserpine and Brucine against mild steel corrosion in acid media. Further, this study has unearthed another facet of the alkaloids viz., the corrosion inhibition potential as so far only their physiological effects are studied.

From reader reviews:

Sandy Gonsalves:

What do you think of book? It is just for students as they are still students or the idea for all people in the world, the actual best subject for that? Only you can be answered for that issue above. Every person has several personality and hobby per other. Don't to be forced someone or something that they don't desire do that. You must know how great and also important the book Corrosion Science and Natural Products Chemistry: Natural Products as Green Corrosion Inhibitors for Metals in Corrosive Media. All type of book would you see on many methods. You can look for the internet options or other social media.

Eric Lowe:

This Corrosion Science and Natural Products Chemistry: Natural Products as Green Corrosion Inhibitors for Metals in Corrosive Media book is not ordinary book, you have after that it the world is in your hands. The benefit you get by reading this book is information inside this guide incredible fresh, you will get info which is getting deeper an individual read a lot of information you will get. This Corrosion Science and Natural Products Chemistry: Natural Products as Green Corrosion Inhibitors for Metals in Corrosive Media without we understand teach the one who reading through it become critical in contemplating and analyzing. Don't end up being worry Corrosion Science and Natural Products Chemistry: Natural Products as Green Corrosion Inhibitors for Metals in Corrosive Media can bring if you are and not make your carrier space or bookshelves' grow to be full because you can have it with your lovely laptop even cellphone. This Corrosion Science and Natural Products Chemistry: Natural Products as Green Corrosion Inhibitors for Metals in Corrosive Media having great arrangement in word along with layout, so you will not sense uninterested in reading.

Samuel Rascon:

Why? Because this Corrosion Science and Natural Products Chemistry: Natural Products as Green Corrosion Inhibitors for Metals in Corrosive Media is an unordinary book that the inside of the publication waiting for you to snap that but latter it will distress you with the secret it inside. Reading this book adjacent to it was fantastic author who also write the book in such incredible way makes the content on the inside easier to understand, entertaining way but still convey the meaning thoroughly. So , it is good for you for not hesitating having this ever again or you going to regret it. This phenomenal book will give you a lot of advantages than the other book have such as help improving your expertise and your critical thinking technique. So , still want to hold off having that book? If I ended up you I will go to the reserve store hurriedly.

Craig Chivers:

You could spend your free time you just read this book this publication. This Corrosion Science and Natural Products Chemistry: Natural Products as Green Corrosion Inhibitors for Metals in Corrosive Media is simple

to bring you can read it in the playground, in the beach, train as well as soon. If you did not get much space to bring often the printed book, you can buy the e-book. It is make you easier to read it. You can save typically the book in your smart phone. Thus there are a lot of benefits that you will get when you buy this book.
