Men of the Otherworld Kelley Armstrong

New York Times bestselling author Kelley Armstrong has captivated readers with her spellbinding *Women of the Otherworld* series. In this collection of four tales, she gives equal time to the men who love these sexy, supernatural women—men who live on the wild side.

As a curious six-year-old, Clayton didn't resist the bite—he asked for it. But surviving as a lone child-werewolf was more than he could manage—until Jeremy came along, taught Clayton how to straddle the human-werewolf worlds, and introduced him to the Pack. So begins this tantalizing volume featuring three of the most intriguing members of the American Pack—a hierarchical founding family where bloodlines mean everything and each day presents a new, thrilling, and often deadly challenge. For as he grows from a wild child to a clever teen who tests his mentor at every turn, Clayton must learn not only to control his animal instincts but to navigate Pack politics—including showing his brutal archnemesis who the real Alpha is.
