It isn't often you get to see the Origins of what makes a hero. The Orphans Series is exactly that, see the hero that will do everything in his power to attempt to save society. A pent up rage for the zombies who walk the street leaves him feeling responsible. Shaun a decade ago was the one that introduced the couple who fell in love and because of that the zombie outbreak was created and began. The fact that it was his own father is something that he can just barely deal with on a daily basis. Book one explains where, why, and when the outbreak happened, watch as his town and state are torn apart and follow him along his path to achieving greatness and taking the world back in the series The Orphans.

If you are in love with franchises like 28 Days, 28 Days Later, 28 Weeks Later, Zombieland, Dawn of the Dead, or any fast moving strong and violently vicious zombie this really will be the series for you. I hope you enjoy and ask as a indie author if you read my work or others to please leave a review. It really does help us immensely
