ALEKS (Assessment and LEarning in Knowledge Spaces) is a Web-based system for individualized assessment and learning available 24/7 over the Internet. ALEKS uses artificial intelligence to accurately determine a student's knowledge and then guides her to the material that she is most ready to learn.

ALEKS' highly targeted instruction helps students build tremendous learning momentum by guiding them through arrays of problems that illustrate and reinforce their understanding of concepts. ALEKS offers immediate feedback and access to ALEKSPedia - an interactive text that contains more than 400 concise entries on chemistry topics.

ALEKS is also a full-featured course management system with rich reporting features that allow instructors to monitor individual and class performance, set student goals, assign/grade online quizzes, and more. ALEKS allows instructors to spend more time on concepts while ALEKS teaches students practical problem solving skills.

Active use of ALEKS will dramatically increase student grade performance and success in class.

The 360 means that within your ALEKS online course, your student has access to a textbook specific eBook.
