Smoke Mountain: Three bears'incredible journey

There is a place where bears can live in peace, where there is sea-ice all year round, where the forests are full of prey, and where flat-faces never go. Polar bears Kallik and Taqqiq, black bear Lusa, grizzly Toklo and the shape-shifting Ujurak believe that this fabled bear paradise must be the destination of their quest.

Great Bear Lake

On the Longest Day three abandoned bear cubs join hundreds of black, grizzly and polar bears at Great Bear Lake to ask for the help of the mystical bear-spirits. Surviving the wild is not easy - the climate is changing and the food is scarce. Lusa decides to leave the safety of the zoo to find Toklo, a grizzly whose mother died in captivity.

The Quest Begins

Kallik is a polar bear from the frozen expanse of the Arctic Circle, Lusa is a black bear restricted to the confinement of the zoo and Toklo is a grizzly bear faced with the unpredictability of the Rocky Mountains. When the bears are separated from their families their lives hang in the balance.
