Our Divided Political Heart: The Battle for the American Idea in an Age of Discontent E.J. Dionne

Who are we as a nation? And what is it that's tearing us apart? In *Our Divided Political Heart*, E. J. Dionne Jr., one of our most respected political commentators, argues that Americans can't agree on who we are because we can't agree on who we've been. The American tradition, Dionne says, points not to radical self-reliance and self-interest, but to a balance between our love of individual freedom and our devotion to community. With a deep understanding of our nation's past, Dionne crafts an incisive analysis of how hyper-individualism is poisoning our current political atmosphere. He shares the Tea Party's engagement with the American past, but takes on its distortions of our history while rooting the Occupy Wall Street movement in America's civic and Populist traditions.

Dionne offers both a fascinating tour of American history—from the Founding Fathers to Clay and Lincoln, on to Populism, the Progressives, and the New Dealers—and an interpretation of our moment's politics that shatters conventional wisdom. He reclaims the American idea of the federal government as an active and constructive partner with the rest of society in promoting prosperity, opportunity, and American greatness. And he challenges progressives to embrace their country's story—to redefine progress and to put an end to our fears of decline.

Our Divided Political Heart is indispensable for all who seek a path out of America's current impasse.
