Paul McCartney - Life, Music & The Legend Sam A. Whitaker

Many people know Sir Paul McCartney as one fourth of the legendary group “The Beatles” But Sir Paul is much more than that.

He is a man who has completely dedicated his life to his passion – music.

This is something very few individuals can truly say they have done.

Apart from being an instrumental part of The Beatles sound and having much to do with many of their hits he managed to stay relevant far after their disbandment.

Such success might cause other individuals to call it a day once it’s over but that was not the course of action Sir Paul chose.

Once the Beatles went their separate ways he immediately began working and continued making hits with his new group the “Wings” despite going through a period of aimlessness.

This is truly a man whose dedication and commitment have changed the face of popular music more than a few times and this is his story.
