Puzzling Words 2012: The Awakening Tim LeClair

The book WILL change your life! Over 300 individual Puzzle Pieces to alter your concept of reality. This book has been updated and more pieces added to support opening statements.

People with strong delusional convictions to politics, sexist attitudes, beliefs of racial importance, religious beliefs, and belief in science of hypothesis will likely become angered by the content of this book. The only way to fix this world is to dare have open dialog.

In the United States, the Northern Slave System proved more effective than the Southern Slave System. Hence the Civil War and the current Slavery System of the United States of America.

This book insults everybody! It is not meant to be personal or a focused attack on a person but on the process of cultivation of delusion. Good people are not great people contrary to belief. It is people that overall sum of actions equals for the better over worse that are the GREATEST of PEOPLE. Each person has their different and special way to make this world better. Some write, some feed, some teach, some sacrifice, some even die in doing their part for a better future for the next generation; our children. The goal of this book is to effectively create inquisitiveness in people and provide them options to being less susceptible to becoming a statistic of the Global Elements for their agendas.

SELF (To incite self-improvement within the individual):

- Remove the television or at least understand its powers and manipulations.
- Removal of delusions imposed on us from birth.
- Removal of damaging pride.
- Removal of coveting.
- Removal of unwarranted fear.
- Removal of unwarranted hate.
- Remove debt.
- Removal of deviations from natural design.
- Removal of hazardous foods and toxins.
- Removal of sexual deviation, perversion and pornography.
- Removal of drugs illegal and legal.
- Desire to learn and think, not being idle or mislead or trivial.

Destruction of Self: The goal is deviation from nature's design. Deviation includes pride, coveting and fear. Deviation includes sexual perversion and pornography. Deviation includes diet that promotes overeating, laziness, mental instability, bad health, and reduced intelligence. Deviation includes addiction to substances. Deviation includes mental laziness or detainment from intelligence and improvement. All people are with some degree of lower IQ, in debt, unhealthy, afraid, wanting, snobbish, distracted, deviant, docile, delusional, and foolish, along with being addicts; including myself!

Destruction of Family: The man concept within the family was destroyed over 3 millenniums ago. This was accomplished through patriotism and poverty that require the man to travel to wars and work, leaving the home without a man, a wife without a husband, and a child without a dad. The norm of man has become a disgusting perversion of nature's intent. Growing effort is focused on the final destruction of the family

though many avenues to destroy the woman's prerogative to raise her family. We are at the point where the government is thought to be better for our children than us the parents. The family in most every home is in complete despair and the children are doomed to their own self-destruction.

Destruction of Home: A form of "Agenda 21" will overcome property rights and all the family will have is the box that sits on a speck of land. It is more likely over the next hundred years that most will rent a box that is shared with a few hundred other boxes in high-rise apartments. These units will likely resemble a modern day prison (SLAVE FARMS). It will be a lovely environment with a park in the center for play and all other aspects of life within a stone's throw and little to no need for personal motor vehicles. The cost of food, education, taxes, and other necessities will keep the chains of debt upon all humanity.
