The Rise of the Network Society: The Information Age: Economy, Society, and Culture (Information Age: Economy, Society, and Culture) (Paperback) - Common By (author) Manuel Castells

A little over a decade since its first publication, the hypotheses set out in Manuel Castells' groundbreaking trilogy have largely been verified. In a substantial new preface to the first volume in the series, Castells demonstrates, in the light of major world trends, how the network society has now fully risen on a global scale.
