Navigating Quality Management With A Unifying Framework

Foster's *Managing Quality: Integrating the Supply Chain, Sixth Edition* offers students a thorough introduction to quality management by presenting a supply chain theme as the unifying framework for quality improvement. The supply chain thread enhances the integration of systems with customers, suppliers, technology, and people. The colorful, stunning text appeals to visual learners and grabs students' attention at the outset.

The **Sixth Edition** elicits a theme of "currency" while offering updated vignettes and references to remain state-of-the-art. The new edition is selectively edited and enhanced with new content that maintains its scope and withstands pivotal points in each section. *Managing Quality* keeps a competitive advantage by sustaining and building on cutting edge, relevant topics in quality management.
