Schlüsselwerke der Science & Technology Studies (German Edition)

Schlüsselwerke der Science & Technology Studies (German Edition)

Die Science & Technology Studies sind ein interdisziplinäres und vor allem internationales Forschungsfeld, das sich mit den Wechselverhältnissen von Wissenschaft, Technik und Gesellschaft beschäftigt. In Theorie und Empirie erforschen sie die zunehmende Verwissenschaftlichung von Technik und Gesellschaft, die Technisierung von Wissenschaft und Gesellschaft sowie die Vergesellschaftung von Wissenschaft und Technik. Mit der Fokussierung auf ‚Wissenschaft und Technik in Aktion‘ ist die Wissenschafts- und Technikforschung gegenüber der Einhegung diverser Erkenntniszugänge skeptisch und sensibel gegenüber der In und Exklusion verschiedener Gruppen und Akteure innerhalb wissenschaftlicher Diskurse. Der vorliegende Band der „Schlüsselwerke der Science & Technology Studies“ leistet einen Beitrag, die Perspektiven der Wissenschafts- und Technikforschung im deutschsprachigen Raum sichtbar zu machen und inhaltliche Impulse für Studium, Lehre und Forschung zu bieten.
