*Almine*

## **Secrets of the Hidden Realms: Mystical Keys to the Unseen Worlds (Second Edition) Almine**

Almine continues the exploration begun in her previous books, *A Life of Miracles* and *Journey to the Heart of God*, probing further into the nature and meaning of existence. *Secrets of the Hidden Realms* introduces the reader to the Goddess mysteries as they apply not only to individual human lives, but to the cycles of the cosmos.

From this background in the intangible functions of being, Almine is led into the dimensions of non-humans, interacting with creatures previously known only in myth and folklore. The inter-relationships of fairies, dragons, gnomes, unicorns and other elementals and their influence on humankind is explained. Vivid accounts of encounters with these beings and others existing as expressions of widely divergent vibrations illustrate the essential unity of all Creation. Journeying from these subtle realms, the reader is shown the ultimate expression of humanity, evolution into a God-being.

It gives in detail: \* Practical application of the Goddess mysteries \* Secrets of the angelic realms \* The maps, alphabets, numerical systems of Lemuria, Atlantis, and the Inner Earth \* The Atlantean calendar \* The alphabet of the Akashic libraries
