While the fear of murderers and serial killers is natural, it is even more interesting to try and figure out what pushes them to become the monsters that they show themselves to be. Mankind has been subject to the most gruesome murders and crimes since the beginning of our race, and some of these killers and psychopaths reigned supreme, filling the chapters of time with terror and blood.

It is hard to stomach some of their acts that would disgust any normal human being, but the cruelty and impunity these people have displayed over time has been not only been terrifying but at the same time fascinating.

What indeed causes a human being to be completely stripped of any moral compass and become so enthralled by bloodlust and cruelty, step away from all that is good and pure in the world and makes them dive deep into the world of evil?
