The trouble with brothers...

Daphne Malone has three of them. All older, all overprotective, all convinced that their little sister can't take care of herself. Okay, it's true that her career pursuits, not to mention her *romantic* pursuits, haven't always panned out. Well, they've never panned out. But now, diploma in hand, she's starting a brand-new career—as a birthday party clown. But one of the movie studios will notice her any day now!

Then Daphne gets noticed, all right—by FBI agent Logan Grant. If she thinks her brothers flipped out before, wait till Logan ends up hiding in her apartment. Wait till he becomes her temporary clowning partner. And wait till she falls for him—hard!
