The Inspector-General

Nikolai Gogol

The Inspector-General Nikolai Gogol

The Inspector-General is a national institution. To place a purely literary valuation upon it and call it the greatest of Russian comedies would not convey the significance of its position either in Russian literature or in Russian life itself. There is no other single work in the modern literature of any language that carries with it the wealth of associations which the Inspector-General does to the educated Russian. The Germans have their Faust; but Faust is a tragedy with a cosmic philosophic theme. In England it takes nearly all that is implied in the comprehensive name of Shakespeare to give the same sense of bigness that a Russian gets from the mention of the Revizor.
