First love is in the air in this third "Sisters Club" adventure from the bestselling author of "Judy Moody". As the middle sister in a family with three girls, Stevie Reel doesn't know much about boys, and that's always been just fine with her. But lately, things have been changing: kids at school are starting to pair up, and Owen, the new boy in her class, seems to have his sights set on Stevie. The trouble is, Stevie doesn't want a boyfriend - she's not even sure that she's ready to have a boy friend. And her sisters are no help: drama-queen Alex is too busy trying to sort out her own love life, while Joey can't understand why anyone would prefer a boy over a frog anyway. If only figuring out boys was as easy as predicting the weather! Third in the "Sisters Club" series by bestselling author Megan McDonald, this is a young romance, treated with Megan's trademark humour.
