Twenty-five-year-old Callie has played the role of older sister to Blade Waldwell ever since she joined the Waldwell household after her parent's deaths ten years ago. He is her saviour and protector, the one who helped her pick up the pieces of her life after that traumatic experience.

Blade has loved Callie for nine years, but he fears that she will always see him as her younger brother and not the man he has become. Even though he promised himself to wait for the right moment to express his love, he gives into temptation and kisses her.

The kiss tosses Callie into a whirlwind of emotion, forcing her to see him in a new light and interlacing her love for him with attraction and desire. But as Blade begins to doubt the truth behind Callie's past, will the secrets of the past destroy their fledgling love?
