The Ring of Fire explodes and the Earth begins fracturing from pole to pole sending a Ripple in the Crust across the world. No one can survive this extinction level event that may be just weeks away. However, George, Frank and Evelyn Farmer have been preparing for this exact event for over 20 years. No one believed George and laughed him out of all the scientific circles years ago. He did not give up and one day his son Frank received a blueprint from God that would prove to be the answer for the O.N.E. Project. They hired a select group of people living in Wilmington, North Carolina to work alongside them to perfect every aspect of the O.N.E. Project. George, Frank and Evelyn are saturated in the current events. On the other hand, Carol Bearston never watches the news and is oblivious to what is going on in the world. She has saturated herself in her work as CEO of "Greenspace International" which saved a dying fishing village from complete economic collapse. Carol Bearston and Frank Farmer were sweethearts in high school, but college sent Frank to the other side of the country to UCLA while Carol stayed put to take care of her aging, dying parents while attending UNCW. The O.N.E. Project will bring them back together, but will it be in time?
