## ANNE BOLEYN Norah Lofts

• Norah Lofts is a well-loved author of historical fiction; her 100,000s of fans will enjoy her nonfiction biography of the most interesting of Henry's wives. • The authors fictionalized account of Anne's life, *The Concubine*, was a huge bestseller and continues to sell in both the UK and USA. • Praise for Norah Lofts: 'The narrative has pace, the characters substance, the finale a powerful twist and the sense of period is rich and authentic' *THE SUNDAY TIMES*; 'Norah Lofts is a capable and professional writer, a natural storyteller whose characters are neatly and believably portrayed: whose prose is smooth and readable' *THE NEW YORK TIMES*. Ever since she first appeared in the Tudor court, Anne Boleyn, Henry VIII's second queen, has been a mystery and a source of controversy. Even her birth is shrouded in obscurity; both year and place are the subject of debate. Was she beautiful, as those who fell under her spell believed, or was she a rather plain girl blessed with striking eyes and a wealth of black hair? More mysterious still is the nature of her role in one of the most turbulent times in British history. Henry, who wrote her impassioned love letters and composed songs in her praise, honored her as no woman was ever honored before, and finally defied the Pope in order to marry her. Her enemies at the time believed she owed her success to witchcraft, and indeed she bore two 'devil's marks'. But was she, in fact, only a hapless pawn, subject to the passions of a notoriously mercurial autocrat? Why was her fall from favor so sudden and complete? Henry's love changed to a hatred so vicious that he conspired with his chief minister to have her accused of adultery with five men - one her own brother. Four of them went to the block protesting her innocence - and their own.
