No Time to be Brief: A Scientific Biography of Wolfgang Pauli Charles P. Enz

This book retraces the life of the physicist Wolfgang Pauli, analyzes his scientific work, and describes the evolution of his thinking. Pauli spent 30 years as a professor at the Federal Institute of Technology ETH in Zurich, which occupy a central place in this biography. It would be incomplete, however, without a rendering of Pauli's sarcastic wit and, most importantly, of the world of his dreams. It is through the latter that quite a different aspect of Pauli's life comes in, namely his association with the psychology of C.G. Jung and his school.
