## **The Penis Book: An Owner's Manual for Use, Maintenance, and Repair** Margaret Gore

A man will usually read the owner's manual of anything he owns, whether it's his car, stereo system, or computer software. He wants to know how it works, what he can do with it, and what to do if things go wrong. However, when it comes to getting information about his most prized possession - his penis - a lot of men don't know where to go. The Penis Book explodes the myths of male sexuality, explains the plumbing and what can go wrong, discusses sexually transmitted diseases and how to avoid them, and sexual problems and how to overcome them. Using frank and engaging language, The Penis Book answers questions men are often too embarrassed to ask, and presents the facts in a manner easily accessible to males of all ages, from teenage boys to senior citizens.
